¹ Filings include newly cases received only. Due to delays in data entry, recent filings may not be captured within two months of receipts. This report extracted data at least one quarter after the reporting period and the data may not match other USCIS public reports. Differences between reports may be attributable to data entry delays and when the data were extracted from USCIS data systems.

² Completions defined as cases administratively closed or decided on the merits. Figure includes cases that have been decided but not yet served.
